Professional Summary

MCA Graduate with knowledge of Java, Spring Boot, Hibernate, MySQL and REST APIs. Experienced in developing full-stack and ERP-based applications through academic and internship projects. Familiar with object-oriented programming, database design and software development best practices.

Technical Skills

Languages: Java, SQL, HTML, CSS, JavaScript
Backend Technologies: Spring Boot, Hibernate, JDBC, JSP, Servlets
Database: MySQL
Tools: Git, GitHub, Maven, VS Code
Concepts: OOP, Collections Framework, Exception Handling, MVC Architecture, REST APIs, DSA

Internship Experience

Web Development Intern — Solnet.co.in

- Maintained and updated live client websites based on business requirements.
- Implemented UI enhancements, content updates and bug fixes.
- Coordinated with clients and team members to gather requirements and deploy changes.
- Assisted in website testing, maintenance and deployment activities.

Cybersecurity Analyst Virtual Experience — Tata (Forage) May 2024

- Performed simulated cybersecurity tasks involving threat detection, incident response and risk assessment.
- Analyzed security scenarios and recommended mitigation strategies.
- Gained exposure to cybersecurity frameworks and data protection practices.

Projects

Garage ERP System — React.js, JavaScript, CSS

- Developed a Garage ERP platform for managing customers, vehicles, job cards, inventory, billing, insurance, licenses and service records.
- Implemented customer registration, job card creation, invoice generation, inventory tracking and payment workflows.
- Built responsive dashboards with revenue analytics, service history tracking, notifications and search functionality.
- Designed a modular and scalable architecture to support future backend and database integration.

GeeksforGeeks Clone Website — Java, HTML, CSS, JavaScript, MySQL

- Developed a responsive full-stack educational platform inspired by GeeksforGeeks.
- Implemented user authentication, article management and MySQL database integration.
- Applied MVC architecture principles to improve maintainability and scalability.

To-Do List Application — Java, Collections, File Handling

- Developed a command-line task manager with add, update, delete and status tracking functionality.
- Utilized Java Collections Framework and file handling for persistent storage.

Education

Master of Computer Applications (MCA) – Ramdeobaba University, Nagpur 2024–2026
CGPA: 7.33

Bachelor of Computer Applications (BCA) – City Premier College, Nagpur 2020–2023
CGPA: 7.30

Higher Secondary Certificate (HSC) – Kids Mentor Global School, Nagpur 2019–2020
60.15%

Secondary School Certificate (SSC) – Saraswati Vidyalaya, Nagpur 2017–2018
85.40%

Certifications

- AI Tools Certification – GeeksforGeeks
- Cybersecurity Analyst Virtual Experience Program – Tata (Forage)
